SD-10A Laser Weapon System

MD-P00553 · md-sd-10a-laser-weapon-system

The SD-10A laser clearance system uses advanced optoelectronic technology. Through radar search and initial tracking, optoelectronic system precise tracking, and high-energy laser precision strike, it can destroy small hover-wing drones in a few seconds.

TECHNICAL SPECIFICATIONS

Parameter data is maintained in the catalogue record. Contact us for the full parameter table.

CERTIFICATION

Certification status is confirmed per order and is not published in the catalogue listing. Request the current declaration, test reports or conformity certificates from our sourcing team.
